Overview

How can consumers adopt solar energy in Delhi?

Consumers in Delhi facing capital constraints can access models under the Renewable Energy Service Company (RESCO) mode to adopt solar energy. One such model is the conventional RESCO model, where consumers enter into a power purchase agreement (PPA) with a solar developer/installer for a fixed period, typically 25 years.

What is solar energy policy in Delhi?

This policy will apply to any solar energy generating system with a capacity of 1 kWp or more. It applies to all electricity consumers and entities that set up or operate solar power projects in Delhi.

Are there alternative options for solar energy in Delhi?

According to the latest guidelines issued by the Delhi Electricity Regulatory Commission (DERC), they would now have alternative options to access solar energy. Under the new regulations, consumers with limited rooftop space can opt for group net metering and community solar models.

Are there alternatives to rooftop solar in Delhi?

Due to space constraints, consumers in Delhi face limitations when installing rooftop solar modules. According to the latest guidelines issued by the Delhi Electricity Regulatory Commission (DERC), they would now have alternative options to access solar energy.
