

Nordic energy storage solar panel manufacturer

Overview

Where is Nordic solar launching its first battery energy storage system?

Yesterday, Nordic Solar officially inaugurated its first battery energy storage system (BESS) park in Denmark. The facility, located in Borup in the Municipality of Hillerød, marks a great milestone in the company's strategy to integrate battery storage into its portfolio of solar energy projects across Europe.

Why should I join Nordic solar?

Joining Nordic Solar means building a career with exciting opportunities. You will find a space to grow, learn and engage in a collaborative environment. Battery Energy Storage Systems (BESS) are the perfect complement to solar energy, which is one of the most predictable and cost-efficient renewable energy sources available.

Who is HST Nordic?

As part of a globally recognized industrial group, we deliver turnkey solar, BESS, and green infrastructure solutions that power progress. At HST Nordic, we provide comprehensive EPC (Engineering, Procurement, and Construction) services tailored for renewable energy and industrial infrastructure.

What is HST Nordic's EPC process?

From first site walk to grid connection and beyond, HST Nordic's EPC process is designed to support your energy project every step of the way. We collaborate with developers, IPPs, or industrial clients from the earliest stages—offering technical input on land feasibility, grid proximity, and constructability.
