

Oslo 5G base station lights up

Overview

Does Telia have 5G in Oslo?

To access Telia's 5G network in Oslo, you need a mobile subscription from Telia and a phone that supports the new technology. However, those in rural areas of Norway may have to wait until as late as 2023 for full national 5G coverage. In September, Ice joined the 5G party with a network launch in Tromsø.

Can a 5G base station be flown by a drone?

This summer, Telia partnered with rescue services in Norway to test a battery-powered, satellite-connected 5G/4G base station that can be flown by drone, allowing quick restoration of mobile coverage after natural disasters or extreme weather. Ericsson is Telia's technology partner for the Norwegian 5G rollout.

Will 5G improve mobile coverage in Norway?

The new 5G network will provide better mobile coverage and gradually better access to broadband across the country, which will reduce the vulnerability of an increasingly digitised society," said Linda Hofstad Helleland. In March 2020, Telenor became the first Norwegian mobile operator to offer 5G connectivity to customers.

How has 5G impacted Norway?

5G's Norwegian numbers tell their own story. In the Arctic city of Tromsø, to give just one example, the combination of 5G and 4G has boosted average download speeds by 375%, and mobile data usage is up by a remarkable 900% since 2019. Stein-Erik Vellan, Head of Telia Norway: "A national 5G network is only the start of the future.
