

# Portable Smart Power Box

## Overview

---

Which batteries fit in the battery box?

By its built-in over-current protectors & multi input/output ports, the Battery Box is great for Boating, Camping, Overland and Solar Power Storage. Compatible with 12V-24V Batteries as long as they fit-in the box, such as Group 24, 27, 31 and most other AGM & Lithium Batteries.

What do you do with a portable power station?

To relax, he loves experimenting with new recipes, tweaking his smart home setup, and spending time outdoors on his bike or camping. Bring big backup power with you with these expert-recommended portable power stations, which can store enough power to charge electronics, appliances, and more.

What is a pwrbox mini 15ah good for?

Perfect for charging smartphones, tablets, fish finders, two-way radios, portable 12V fridges and many other small 12V devices. If the power goes out, or you are camping in a remote location, the PWRbox Mini 15Ah can keep your favorite small devices powered up and ready to go. [Read Full Description](#).

How long does a portable power station last?

A portable power station's lifespan depends on the type of battery inside. Most new portable power stations, including all the models we recommend here, feature LiFePO4 battery technology, which lasts far longer than older lithium-ion technology. How much more?

LiFePo4 power stations will last for more than 3,000 charge cycles, or about 10 years.
