

# Price quotation of large capacity solar container battery in Osaka Japan

## Overview

---

Does Japan have a market for utility-scale battery storage?

First BESS in Japan to commercially trade energy commissioned by the country's biggest solar developer. A significant step has been taken towards the creation of a market for utility-scale battery storage in Japan with the trading of electricity from two new projects by developer Pacifico Electricity.

Is there a market for battery storage in Japan?

First BESS in Japan to commercially trade energy commissioned by the country's biggest solar developer. A significant step has been taken towards the creation of a market for utility-scale battery storage in Japan with the trading of electricity from two new projects by developer Pacifico Electricity.

What's going on with battery storage in Osaka?

Major Japanese conglomerate Itochu and utility Osaka Gas have teamed up to create a grid-connected 11MW/23MWh BESS in Osaka, Japan's second-largest city, Energy-Storage. Nevertheless, a number of these players have prior experience working with battery storage from those other more developed markets.

Will Japan invest in battery storage?

Japan's first auction for long-term zero emissions power capacity has attracted strong bidding interest with a plan to install battery storage, as investment in the power storage system is gaining momentum in line with expanded use of fluctuating renewable energy sources.
