

Production of portable power boxes

Overview

What is a portable power box?

A portable power box is an essential thing to have, the keyword “portable” means that it isn’t stressful to carry the box around. This is a 12V portable power box that is perfect for charging mobile phones, laptops, and other small accessories. This video goes in-depth to explain the making process.

Are Lex portable power distribution boxes waterproof?

Lex products portable power distribution units have NEMA 3R, 3R Weather Resistant or 3R Rainproof environmental ratings depending on the distro box. The indoor distro boxes have a NEMA 1 Indoor environmental rating, like the versatile 100 amp 3 phase PowerHOUSE™ Pagoda portable distribution box.

What is a temporary power distribution box?

These temporary power distribution boxes feature 1, 3 or 4 adjustable circuit breakers, with a range of amperage and voltage ratings. The Load Master® Series portable power distribution racks are engineered with a compact, space-saving design ideal for in-use operation, transport, and storage.

How many amps does a power distribution box have?

Our power distribution boxes range from 20-800 Amps and are well known for being durable, long lasting and safe. Load Master™ Series portable power distribution boxes are the first in the industry to feature outputs with adjustable current ratings to match specific application loads.
