

Rechargeable Portable AC Power Supply

Overview

What is an AC portable power station?

The AC portable power station is a versatile, convenient, 88.8Wh large capacity portable power station with AC outlet which combines 110V AC inverter, DC 12V and 2x USB ports, designed to run lights, phones, laptops and small appliances in an off-grid or power outage situation. Great for emergency, camping, home use, trip, travel, summer holiday.

Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.

What is the best portable power supply?

After carefully researching all of the different options on the market today, we have concluded that the SUAOKI Portable Power Station is by far the best portable power supply out there. It comes with a multitude of charging ports and options, which means that if you have a device that needs to be charged, this unit will have you covered.

What can a portable power station charge?

All portable power stations can charge up small gadgets like phones and laptops or be used to power lighting. Most can handle small appliances like mini-fridges or TVs. If you want to use power tools, an AC unit, or in the UK, a kettle, you need to be able to draw thousands of watts.
