

Solar building tile specifications

Overview

What are solar tiles?

Solar tiles are roofing materials that can produce energy directly from sunlight. Solar tiles are integrated into the roof itself and function as both a roofing substance and a source of energy, as opposed to conventional solar panels, which are mounted on top of an existing roof.

How strong are solar tiles?

The solar tiles go above and beyond the highest impact rating of Class 4 impact resistance. One solar company claims that its Solar Tiles are 3x stronger than other roofing materials. The solar tiles have a strong resistance to wind. They are rated for wind speeds up to 130 mph.

How do solar tiles work?

Solar tiles are integrated into the roof itself and function as both a roofing substance and a source of energy, as opposed to conventional solar panels, which are mounted on top of an existing roof. Photovoltaic cells in solar tiles turn sunlight into direct current (DC) energy.

How long do solar tiles last?

The lifespan of solar tiles is 25 to 30 years. Steel roofing tiles and sturdy, durable glass solar tiles are used to construct solar roofs, which also come with sizeable warranties. Solar shingle installation can take up to a week. However, with routine maintenance, solar tiles can last longer than the typical 25-30 years.

Solar building tile specifications

Technical Specifications

Dec 5, 2025 · Tractile's technical specifications show the superiority of our roofing hardware and the makeup of our innovative solar tiles.

Xuan Tile Series·Plane PV Tile

Sep 9, 2025 · Can provide integrated solar power roof design, the whole system solution. Can be widely used in high-end villas, club venues, p ublic building roof. Xuan Tile Series·Plane PV ...

Walkable Sunshine: Photovoltaic Floor Tiles Leading the New ...

Dec 26, 2024 · These tiles not only provide the basic functions of floor tiles, such as bearing capacity, pressure resistance, wear resistance, anti-slip, and waterproofing, but also convert ...

Solar Roof Tiles BIPV Solar Panels Aesthetic Solar Solutions

Custom solar roof tile manufacturing with made-to-order specifications. Couleenergy offers OEM solutions, bulk pricing, and worldwide export services.
