

Solar container battery manufacturing plant in Auckland New Zealand

Overview

Will Contact Energy build a 100-megawatt battery plant in South Auckland?

Contact Energy and Tesla are collaborating to build a similar 100-megawatt plant at Glenbrook in South Auckland. Contact Energy chief executive Mike Fuge expects more projects along the lines of its new battery project in South Auckland to soon come to light, now the uncertainty around the Tiwai Point aluminium smelter has been resolved.

Does Eku energy have a battery storage project in New Zealand?

Eku Energy has bought a major battery energy storage project in New Zealand's North Island to build out its storage assets. Eku Energy has acquired a 300 MW battery energy storage project in New Zealand's Waikato region, marking its entry into the country.

Could a Tesla Megapack 2 XL battery storage system be built in South Auckland?

A Tesla Megapack 2 XL battery storage system next to a solar array farm. Contact Energy and Tesla are collaborating to build a similar 100-megawatt plant at Glenbrook in South Auckland. A Tesla Megapack 2 XL battery storage system next to a solar array farm.

Will contact make New Zealand's biggest battery?

Contact, in the agreement with Tesla, also has the option to expand the capacity of the battery to 130 MW at this site; a move which would make it New Zealand's biggest battery. The battery will store excess renewable electricity, often generated by the wind or sun in off-peak periods when demand is low, which would otherwise go to waste.
