

# **Solar energy storage project investors**

## Overview

---

Oslo-based Scatec ASA says it will retain majority ownership in Egypt's 1.1 GW solar and 100 MW/200 MWh Obelisk project, with EDF Power Solutions taking 20% and Norfund 25%. How do private equity investors finance the new energy economy?

A research-backed ranking and directory of private equity investors financing the new energy economy—spanning renewables, storage, grid infrastructure, and digital-power convergence. Private capital is the engine of the energy transition.

What does a sustainable infrastructure investor do?

Global sustainable infrastructure investor building and operating energy, digital, and real-estate assets in growth markets. Growth markets: Builds sustainable infra across energy, digital, real assets. Operational control: Develops, owns, and scales platforms to maturity. Regional expertise: EMEA, APAC, LATAM with deep local networks.

Who is an infrastructure investor?

Infrastructure investor providing flexible capital from structured debt to equity across climate and sustainable assets. Global growth investor with long history in energy; now focused on transition opportunities including carbon management and industrial decarbonization.
