

# **Solar inverter sales in Cuba**

## Overview

---

What kind of generators are available in Cuba?

Silent Excalibur diesel and gasoline generators from 2KVA to 20KVA with electric start, low consumption and noise level below 60dB. High-quality construction materials for your projects Cuba is in a geographically privileged position for solar energy utilization, with over 330 sunny days per year and an average solar irradiation of 5.5 kWh/m<sup>2</sup>/day.

Is Cuba a good place to build a solar project?

High-quality construction materials for your projects Cuba is in a geographically privileged position for solar energy utilization, with over 330 sunny days per year and an average solar irradiation of 5.5 kWh/m<sup>2</sup>/day. This abundant solar radiation makes the island an ideal location for photovoltaic system implementation.

Who are the official representatives of Excalibur power group in Cuba?

Official representatives of Excalibur Power Group in Cuba, offering high-quality energy solutions to illuminate Cuba's future. We are the KKMU: "Harry Lag Constructions SRL" from Matanzas and represent the Excalibur Power Group in Cuba in cooperation with our German supplier AFDL.

## Solar inverter sales in Cuba

---

### Top Solar inverter Manufacturers Suppliers in Cuba
