

Solar panels in western Estonia

Overview

Why should you install solar panels in Estonia?

The energy productivity of solar panels installed in Estonia is equivalent to the southern countries, as Estonia's cooler climate increases the efficiency of solar panels. We offer our customers turnkey construction of a solar park, starting from the design to the connection point, the construction of substations.

How much solar radiation does Estonia produce a year?

In Estonia, the amount of solar radiation is comparable to Central Europe; the average amount of radiation has an optimal slope and azimuth of 1100-1200 kWh/m², 85% of which falls between April and October. An optimally installed 1 kW PV plant produces 900 to 1000 kWh of energy per year.

Who sells electricity in Estonia?

In Estonia's electricity market, Eesti Energia is the largest seller with a 60% market share and owns the largest distribution network, representing 86% of the distribution market. The Estonian Competition Authority (ECA) regulates transmission and distribution rates, as well as connection charges. Electricity in 2020:.

Where is wind power used in Estonia?

Windmills have been in operation on Hiiumaa makonnaad in the Baltic Sea for more than a decade, with a total capacity of about 150 kilowatts. Wind power is also in use on Saaremaa makonnaad. Estonia's impending entry into the European Union is influencing its priorities concerning renewable energy.

Solar panels in western Estonia

Top 28 Solar Power Companies in Estonia (2025) , ensun

When exploring the solar power industry in Estonia, several key considerations emerge. Firstly, the regulatory framework is crucial, as the Estonian government has set ambitious renewable ...

Estonia to expand solar-power production ...

Mar 11, 2025 · 244 MW solar park in Risti in western Estonia to be largest photovoltaic-production (PV) site in the Baltics. Project marks significant ...

Estonia Solar Panel Manufacturing , Market Insights Report

Explore Estonia solar panel manufacturing with market analysis, production statistics, and insights on capacity, costs, and industry growth trends.

Solar panels

The energy productivity of solar panels installed in Estonia is equivalent to the southern countries, as Estonia's cooler climate increases the ...

Top 21 Solar Panel Companies in Estonia (2025) , ensun

Hybrens is a trusted distributor of solar energy products, offering a wide range of high-quality solar panels, inverters, batteries, and mounting solutions. They specialize in providing timely access ...

Solar System Installers in Estonia , PV Companies List , ENF ...

List of Estonian solar panel installers - showing companies in Estonia that undertake solar panel installation, including rooftop and standalone solar systems.

Estonia to expand solar-power production with EUR62 million ...

Mar 11, 2025 · 244 MW solar park in Risti in western Estonia to be largest photovoltaic-production (PV) site in the Baltics. Project marks significant step towards Baltic energy independence ...

Solar panels

The energy productivity of solar panels installed in Estonia is equivalent to the southern countries, as Estonia's cooler climate increases the efficiency of solar panels.

Solar PV potential in Estonia by location

Explore the solar photovoltaic (PV) potential across 20 locations in Estonia, from Viimsi to Elva. We have utilized empirical solar and meteorological ...

Estonia deploys 513 MW of solar in 2024

Feb 10, 2025 · Estonia added 513 MW of new solar capacity in 2024, a record for a single year, according to Eesti Taastuenergia Koda. The ...

Home

Most common way of installing ground mounted solar panels. These are particularly useful in urban settings or where roof space is limited. A solar panel carport is an innovative and ...

Estonia Solar Panel Manufacturing , Market ...

Explore Estonia solar panel manufacturing with market analysis, production statistics, and insights on capacity, costs, and industry growth trends.

Estonia deploys 513 MW of solar in 2024

Feb 10, 2025 · Estonia added 513 MW of new solar capacity in 2024, a record for a single year, according to Eesti Taastuenergia Koda. The total significantly exceeds the 282 MW installed ...

Solar PV potential in Estonia by location

Explore the solar photovoltaic (PV) potential across 20 locations in Estonia, from Viimsi to Elva. We have utilized empirical solar and meteorological data obtained from NASA's POWER API ...

TOP SOLAR PANEL SUPPLIERS IN ESTONIA

List of Estonian solar panel installers - showing companies in Estonia that undertake solar panel installation, including rooftop and standalone solar systems..
