

# **Solar panels installed in East Timor**

## Overview

---

Does Timor-Leste have solar power?

Despite having a tropical climate and abundant solar-power potential, Timor-Leste relies heavily on diesel to deliver power to its population of 1.3 million people. In 2023, MDF and the Australia-Pacific Climate Partnership (APCP) assessed.

Who bids for solar IPP project in Timor-Leste?

For Timor-Leste, bidders are typically from legacy countries such as Indonesia, Portugal and People's Republic of China. For the Solar IPP project, Government of Timor-Leste represented by the Ministry of Finance has provided backstop guarantee for EDTL obligations under the Implementation Agreement.

Is Timor-Leste a good place to invest in rooftop solar?

Timor-Leste's rooftop PV market is just emerging. Barriers include a lack of access to capital, low awareness of solar solutions, low technical capacity to set up solar solutions and low levels of building ownership.

Does Timor-Leste have a rooftop PV market?

Timor-Leste's rooftop PV market is nascent; few businesses have invested in PV rooftops and household use remains low. The supply aspect has also not caught up with the global boom—few firms offer rooftop PV solar in Timor-Leste.

## Solar panels installed in East Timor

---

Solar energy is illuminating the path to energy access across East Timor

Geographical Location: East Timor is located in Southeast Asia, occupying the eastern half of Timor Island, just north of Australia, and bordered by Indonesia to the west. The country has a ...
