

Solar solar container power supply system in Antwerp Belgium

Overview

Will Antwerp have a shore power system by 2026?

By 2026, the Europa Terminal in the Port of Antwerp will be equipped with a cutting-edge shore power system, PSA Antwerp (PSAA) announced today in a Formal Investment Decision (FID) to the Flemish Agency for Enterprise and Innovation (VLAIO).

Does the port of Antwerp-Bruges offer renewable electricity?

Port of Antwerp-Bruges offers renewable electricity and hereby maximises the CO₂ emission reduction of connecting to shore power. There is a uniform shore power system for inland navigation in Flanders.

Does PSA Antwerp use green energy?

The shore power installation will include a mobile connection point, allowing PSA Antwerp to supply power to ships at different locations along the quay. 100% green energy will be used, as all electricity consumed by PSA in Belgium has been sourced from green energy since 2017.

Does PSA Antwerp offer shore power?

With the planned shore power installation for the Europa Terminal, PSA Antwerp will be the first container terminal in the Port of Antwerp to offer shore power. This realization is part of Project Emerald. Project Emerald, a collaboration between PSA Belgium and the Port of Antwerp-Bruges, focuses on the large-scale renewal of the Europa Terminal.

Solar solar container power supply system in Antwerp Belgium

BELGIUM SOLAR POWERED CONTAINER

Antwerp Euroterminal (AET) installs the first shore power connection for seagoing vessels in Belgium. Shore power provides docked vessels in the port with electricity in an ...

Shore power, environmentally-friendly supply of electricity

Shore power allows ships, when berthed, to turn off their ship's engines and switch to local power. Using shore power reduces emissions of CO2, nitrogen and sulfur oxides and particulate ...

Using Belgian Ports for Your Global Solar ...

Aug 13, 2025 · This is where major Belgian ports, specifically the integrated Port of Antwerp-Bruges, can serve as the central nexus for a global solar ...

Large vessels to connect to shore power at Europa Terminal ...

Sep 30, 2024 · PSA Antwerp today announced, via a Formal Investment Decision (FID) to the Flemish Agency for Innovation and Entrepreneurship (VLAIO), that the Europa Terminal in the ...

Using Belgian Ports for Your Global Solar Supply Chain

Aug 13, 2025 · This is where major Belgian ports, specifically the integrated Port of Antwerp-Bruges, can serve as the central nexus for a global solar panel manufacturing supply chain. ...

Solar Container , Large Mobile Solar Power ...

3 days ago · Power anywhere, rapid deployment LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping ...

Antwerp Euroterminal to install shore power ...

Jun 4, 2024 · The Port of Antwerp-Bruges said the shore connections will supply berthed vessels with 100 per cent green electricity that will initially ...

ANTWERP TERMINAL IS FIRST IN BELGIUM ...

May 31, 2024 · Extra capacity will be produced by solar panels on the roof of the multilevel parking garage of the terminal and two extra wind turbines ...

Antwerp Euroterminal launches Belgium's first shore power ...

May 30, 2024 · The additional capacity will come from solar panels on the terminal's multilevel parking garage and two more planned wind turbines. A large battery system will store the ...

ANTWERP TERMINAL IS FIRST IN BELGIUM WITH GREEN SHORE POWER

May 31, 2024 · Extra capacity will be produced by solar panels on the roof of the multilevel parking garage of the terminal and two extra wind turbines that are planned to be installed at ...

PSA ANTWERP ANNOUNCES SHORE POWER ...

Sep 15, 2025 · The shore power system features a mobile connection point, allowing vessels to access green electricity at multiple locations along the quay. All power supplied will come from ...

Antwerp to equip Europa terminal with shore ...

Oct 2, 2024 · PSA Antwerp has announced a Formal Investment Decision (FID) to implement an advanced shore power installation at the Europa ...

Antwerp Euroterminal launches Belgium's first ...

May 30, 2024 · The additional capacity will come from solar panels on the terminal's multilevel parking garage and two more planned wind turbines. ...

Shore power, environmentally-friendly supply of electricity

May 27, 2024 · Shore power allows ships, when berthed, to turn off their ship's engines and switch to local power. Using shore power reduces emissions of CO2, nitrogen and sulfur ...

Antwerp to equip Europa terminal with shore power by 2026

Oct 2, 2024 · PSA Antwerp has announced a Formal Investment Decision (FID) to implement an advanced shore power installation at the Europa Terminal by 2026.

Solar Container , Large Mobile Solar Power Systems

3 days ago · Power anywhere, rapid deployment LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid ...

Antwerp Euroterminal to install shore power connection ...

Jun 4, 2024 · The Port of Antwerp-Bruges said the shore connections will supply berthed vessels with 100 per cent green electricity that will initially be produced by wind turbines. The need for ...
