

Solar system launched in Brno Czech Republic

Overview

How much money did the Brno Observatory invest?

The total amount of equipment investment reached CZK 56 million (50 million from the Ministry of Education, Youth and Sports of the Czech Republic). The Brno Observatory was open on 16 October 1954. At that time it only had one cupola with a smaller telescope.

How many people visit Brno Observatory a year?

The Brno Observatory and Planetarium is visited by more than 100,000 visitors every year (since 1954 over 3 million). We rank among the most visited institutions of this type in the Czech Republic. Its operation is ensured by approximately twenty employees who present about 2000 events a year.

Where is the observatory located in Brno?

We are situated almost in the centre of the city of Brno, in a park on the hill of Kraví hora. By public transport you get to the Brno Observatory and Planetarium by a tram no. 4, tram terminal náměstí Míru/Masarykova čtvrť. Parking spaces (also for buses) can be found in the square náměstí Míru or at the swimming pool on the hill of Kraví hora.

Who reconstructed the Brno Observatory & planetarium?

The building of the Brno Observatory and Planetarium was reconstructed in modern functionalist style in 2010 and 2011 by the company Skanska a. s. Brno according to the design of the architect Martin Rudiš. Inside you can find 47 km of cables ensuring all data transfers and 25 km of electric wiring.
