

Sri Lanka solar System Project

Overview

The Ministry of Power and State Minister of Solar, Wind and Hydro Power Generation Projects Development has launched a community based power generation project titled 'Soorya Bala Sangramaya' (Battle for Solar Energy) in collaboration with Sri Lanka Sustainable Energy Authority (SLSEA), Ceylon Electricity Board (CEB) and Lanka Electricity Company (Private) Limited (LECO) to promote the setting up of small solar power plants on the rooftops of households, religious places, hotels, commercial establishments and industries. How Sri Lanka is promoting solar energy?

The Sri Lankan Government and the Ministry of Power have launched some programs to promote this clean, renewable energy resource, solar, in collaboration with Sri Lankan sustainable energy authority. Soorya Bala Sangramaya is one of the most popular programs the Sri Lankan government launched to promote solar energy in Sri Lanka.

Which companies are generating solar power in Sri Lanka?

LAUGFS Gas PLC has set up a 20 MW plant in Hambantota district. Hatton National Bank's head office branch generates 1.3 MW of solar power, while MAS Holdings has unveiled Sri Lanka's another large rooftop solar plant with a capacity of 1 MW.

What are the different types of solar power systems in Sri Lanka?

We explored the different types of solar power systems, such as on-grid, off-grid, and hybrid systems, along with their advantages and disadvantages. We proposed several recommendations to promote the installation of solar panels in Sri Lanka.

How many solar rooftops will Sri Lanka install in 10 years?

The Ministry of Power and Renewable Energy has launched a national program to install 100,000 solar rooftops over the next ten years to meet the country's electricity needs with green energy sources. This program aims to have at least 18% of electricity produced by domestic customers in Sri Lanka.
