

Swaziland solar glass processing manufacturers

Overview

How does Ngwenya Glass help children in Swaziland/Eswatini?

Not only are the people of Swaziland/Eswatini encouraged to collect the bottles, but Ngwenya Glass works with the local schools to instil in the children a sense of environmental awareness. In exchange for building materials and the sponsorship of the soccer team, the students must participate in clean-up campaigns.

Why should you choose Ngwenya Glass Factory?

Designed with energy efficiency in mind, the structure incorporates features such as solar panels and natural ventilation, minimizing its environmental impact. The Ngwenya Glass Factory not only champions green practices but also provides valuable employment opportunities, fostering economic development within the region.

Who is Ngwenya Glass Factory?

This gifted group of artisans shape and mould glass into various animal species, breathing life into their creations with amazing personalities. While Ngwenya Glass Factory has been a success story since 1987, it is also a friend of the environment, with all glass pieces made from recycled glass collected throughout Swaziland.

Who are Swazi glassblowers?

Started in 1979 by Swedish Aid. They built the factory, imported all the machinery and equipment and employed and trained Swazi's in the age old art of glassblowing. Two of the most talented were sent over to Sweden to be trained by some of the leading glassblowers in the world.
