

# Swiss solar inverter brand

## Overview

---

Who makes Swiss solar modules?

SSWISS GROUP AG manufactures high-quality solar modules and is leading and globally active technology company. SWISS solar modules are engineered in Switzerland and meet the highest quality standards . As an internationally recognized premium brand.

What is a solar inverter?

A solar inverter is a key component in any solar power system, converting DC electricity from solar panels into AC power used by most appliances and electrical equipment. This transformation is essential, as over 90% of devices worldwide operate on AC.

Which companies dominated the global inverter market?

Huawei's inverter segment also delivered an outstanding performance, with the two companies dominating the global market by a wide margin. Other enterprises, such as TBEA, Senergy, Deye and Ginlong (Solis), followed closely behind.

What is the best solar inverter?

Flagship Solutions: The SUN2000 Series is Huawei's leading inverter line, offering multi-MPPT tracking, AI-powered fault detection, and arc fault protection. It's designed for high-efficiency performance and proactive safety. The Smart PV + ESS Platform combines solar generation with storage and energy management.
