

# Tallinn Supercapacitor Module Manufacturer

## Overview

---

Skeleton Technologies is the world's largest manufacturer of supercapacitors for mission-critical infrastructure and industry, founded in 2009 in Estonia. Who are the top ranked supercapacitor manufacturers?

Also, please take a look at the list of 19 supercapacitor manufacturers and their company rankings. Here are the top-ranked supercapacitor companies as of October, 2025: 1. SPEL TECHNOLOGIES PRIVATE LIMITED, 2. Taiwan Zhifengwei Technology Co., Ltd., 3. CDE. What Is a Supercapacitor?

What Is a Supercapacitor?

.

Where is the largest supercapacitor factory in the world?

In 2024, the company will open the largest supercapacitor factory in the world in Markranstädt, Germany. The technology known as SuperBattery combines the advantages of batteries and supercapacitors. SuperBattery was created in order to meet the demands of many industries.

Where are Supercapacitors made?

The company operates major production facilities in Germany, including Europe's largest supercapacitor factory, and is currently constructing what is set to become the world's largest supercapacitor plant near Leipzig. Key Technology & Innovations.

What are skeleton skelcap supercapacitors & skelmod modules used for?

Skeleton's SkelCap supercapacitors and SkelMod modules are widely used in automotive, transportation, grid, industrial, and renewable energy applications, delivering industry-leading energy and power density.

## Tallinn Supercapacitor Module Manufacturer
