

The company that set a new record for solar inverters

Overview

Which companies dominated the global inverter market?

Huawei's inverter segment also delivered an outstanding performance, with the two companies dominating the global market by a wide margin. Other enterprises, such as TBEA, Senenergy, Deye and Ginlong (Solis), followed closely behind.

Which companies are shaping the future of solar technology?

As demand for solar energy grows, leading brands like Huawei, Sungrow, SolarEdge, and Enphase are shaping the future of solar technology. These companies provide advanced solutions that cater to a variety of needs, from residential to large-scale industrial applications.

Which inverter companies bucked the trend?

However, inverter companies bucked the trend, becoming the industry's brightest spot. Leading firm Sungrow achieved revenue of 77.86 billion yuan and a net profit of 11.04 billion yuan attributable to the parent company, both of which were record highs, with year-on-year growth of 7.76% and 16.92% respectively.

Who makes Solis inverters?

By amalgamating a global supply chain with world-class R&D and manufacturing capabilities, Ginlong tailors Solis inverters to each regional market, with dedicated teams of local experts providing exceptional service and support.
