

The largest energy storage company in Kuala Lumpur

Overview

Who is Eve energy storage Malaysia?

The project will be executed by its wholly-owned subsidiary in Malaysia, Eve Energy Storage Malaysia Sdn Bhd, located in Kulim City, Kedah State, as an expansion of its existing production facility. The construction period will not exceed 2.5 years, with a land area of about 484,000 square meters.

Why is Malaysia expanding its energy storage facility in Kedah?

This significant expansion of its existing Kulim facility in Kedah state underscores Malaysia's growing strategic importance in the global shift towards sustainable energy and is set to power the regional demand for advanced energy storage solutions.

Why should you invest in energy storage in Malaysia?

This technology not only powers vehicles but also acts as a crucial enabler for a smart and resilient energy ecosystem. The Energy Storage industry in Malaysia presents several key considerations for those interested in exploring opportunities within this sector.

Where is Kulim energy storage facility located?

The facility will be located in Kulim, Kedah, within the Kulim Hi-Tech Park, and will primarily support the company's international energy storage business. EVE.
