

# **The largest solar energy storage company in the Middle East**

## Overview

---

Who is building the world's largest solar and battery storage project?

The United Arab Emirates is building the world's largest solar and battery storage project that will dispatch clean energy 24/7. Emirati Renewable energy company Masdar (Abu Dhabi Future Energy Company) and Emirates Water and Electricity Company (EWEC) are developing the trailblazing solar and battery storage project.

What is the largest combined solar and battery energy storage system?

Once it's online, will become the largest combined solar and battery energy storage system (BESS) in the world. Located in Abu Dhabi, the project will feature a 5.2 GW solar PV plant coupled with a 19 gigawatt-hour (GWh) BESS. His Excellency Dr. Sultan Al Jaber, minister of industry and advanced technology and chairman of Masdar, said:.

Who is Saudi Arabia's biggest solar energy developer?

ACWA Power (Saudi Arabia) One of the Middle East's most influential renewable energy developers, ACWA Power, is at the forefront of Saudi Arabia's solar push. Backed by the Public Investment Fund (PIF), ACWA has delivered some of the region's largest solar projects, securing world-record-low tariffs along the way.

What is Dubai's biggest solar project?

DEWA is the driving force behind Dubai's rapid solar expansion, spearheading the Middle East's largest solar initiative—the Mohammed bin Rashid Al Maktoum Solar Park. Planned to reach 5 GW by 2030, the park already boasts multiple phases, including a world-first hybrid CSP-PV project (950 MW) and a record-low tariff 1,800 MW phase.
