

Uninterruptible Power Supply Vehicle in Bhutan

Overview

How will EVs help Bhutan achieve its goal?

It will help Bhutan achieve its goal to always remain carbon neutral. UNDP Bhutan Resident Representative commended Bhutan's bold step towards greening its transport sector. He thanked the Governments of Bhutan and Japan for the partnership. "EVs are an important solution for countries to meet their emission reduction targets.

Does Bhutan need a second NDC?

UNDP remains committed to provide the support needed and at speed and scale," said Mr. Younus. Bhutan's Second NDC highlights the importance of reducing emissions from the transport sector, which remains one of the major carbon emitters in the country. Almost 99.9% of motor vehicles in Bhutan are powered by diesel or petrol.

What did Bhutan's Cabinet Secretary say to Japan & UNDP?

The Cabinet Secretary, on behalf of the people and Royal Government of Bhutan, conveyed appreciation to the Government and people of Japan and UNDP for the support, notwithstanding the difficult times brought about by the COVID-19 pandemic.
