

Where are the 5G network base stations in Bamako

Overview

What is the GSMA 'roadmaps for 5G spectrum - sub-Saharan Africa' Report?

The GSMA's "Roadmaps for 5G Spectrum: Sub-Saharan Africa" report looks at the current mobile services and spectrum status. It also sets out a roadmap to help governments and regulators maximise the benefits of 5G in the region.

How many countries are launching 5G services in Africa?

As of September 2023, 27 operators in 16 markets in Africa had launched commercial 5G services. More markets are expected to follow soon, with operators in an additional 10 countries making a commitment to launch 5G in the coming years. 10 countries in Africa have assigned spectrum for 5G services to operators, at the time of writing.

Which countries need 5G spectrum?

The report takes a closer look at 10 countries: Kenya, Nigeria, Rwanda, Ethiopia, South Africa, Benin, Cameroon, DRC, Côte d'Ivoire, and Senegal. For each country, the report looks at the need for 5G spectrum to be made available, and the current status.

Does South Africa have a 5G network?

While South Africa is well advanced in terms of deploying and commercialising 5G networks, the coverage of these networks remains restricted to major cities. This is likely due to a continuing delay to spe
