

Wholesale battery and storage in Denmark

Overview

Who is responsible for a battery in Denmark?

As a company you are subject to producer responsibility for batteries the first time you make a battery available on the Danish market – whether you are the producer, importer, or distributor. Any supply of a battery for distribution or use in Denmark. This only applies when it involves a commercial activity.

Can I resell a battery in Denmark?

Any supply of a battery for distribution or use in Denmark. This only applies when it involves a commercial activity. If you resell batteries that have already been made available by another company – and you do not change the product or the marking – you are not subject to producer responsibility for batteries. Which types of products are covered?

.

How does the Danish Environmental Protection Agency regulate batteries?

The Agency carries out control and supervision of compliance with the rules of the Battery Regulation and Statutory Order no. 986 of 20 June 2025. This also means that any complaints against decisions made by DPA may be brought before the Danish Environmental Protection Agency.

Who sells Fiamm batteries in Scandinavia?

We are the official Scandinavian distributor for the world's leading manufacturer of batteries, Panasonic, which focuses on operating time, service life and reliability. We are also the distributor in Denmark for YUASA, and we distribute Italian-made FIAMM batteries in both Denmark and Norway.
