

Wholesale solar power station in Melbourne

Overview

Where to build a solar power system in Australia?

Perth is one of the greatest places to construct a solar power system in Australia due to the high number of sunlight hours and low solar panel pricing. Advanced solar technology is the leading solar company Perth, Australia. Solar power Perth just surpasses Brisbane as Australia's top capital city for installing and generating solar electricity.

Where can I get a solar system in Melbourne?

Solar Run has Franchisee's across Melbourne who can help you get the right system for your home. The Solar Victoria Rebate is available for 650,000 homes. On top of the STC rebate, you will receive a further \$1,850 paid from the Victorian Government plus an interest free loan through the state government.

Where can I buy solar panels in Perth?

Buy solar panels Perth here at Advanced Solar Technology. A 5 kW system generally produces 22 kWh of power per day. Because of the high number of sunlight hours in Perth, you will earn a bigger solar return than residents of Melbourne. At Advanced Solar Technology, you can get the best solar panels in Perth.
